a) General evaluation of what you think of your art

I think my artwork has become better then from the start. And I like how well I did the Jackson Pollock inspired work.

- b) In my final artwork, the random lines represents Jackson Pollock's artwork, the circles represents Yayoi Kusama, And the Boxes in the circles represents Piet Mondrian.
- c) My strengths is that when I planed what I wanted to do/draw my artwork would turn out better. Another strength I have is that whenever i'm drawing I can chose a few colors that compliment each other and will look good on a drawing.
- d) My weakness is that I can draw random, so then may doodle drawing didnt looks as good as my final piece. Another weakness I have is its hard for me to paint in a neat way, like in my final piece when i'm doing the Piet Mondrian the paint looks uneven and doesnt have straight edges.
